The Company

SSF is amongst the leaders in the field of special fastener manufacturing, and has been for over 40 years. Our business philosophy is based on principles of quality and service, whilst our in-depth knowledge and manufacturing expertise helps us to ensure a full understanding of our customers requirements. Our extended production facility of over 24000 ft², is fully equipped with a unique blend of both traditional manufacturing machinery and the very latest computer technology. With a skilled team of over 70 people, we are able to produce a wide range of special fasteners quickly, competitively and to the highest possible levels of manufacturing excellence.

Quality Assurance

BS EN ISO 9001:2000 accreditation, together with quality approvals from many major international companies.

Our commitment to producing quality products is in accordance with our Total Quality Management (TQM) philosophy and we recognise that it is the responsibility of all employees throughout the company to achieve customer satisfaction.

Worldwide Supply

- International Fastener Standards
- Ex works/FOB/Door to Door
- Dedicated Export Team
- Full Documentation
- Over 40 Countries
- Letters of Credit
- Multi currency
